Senator I-am-a-Democrat Hill was to have lectured here next week at the Auditorium, but he has canceled his date, and the papers are

meeting so many "frosts" in the cities he has already visited. Another paper alleges he found it up Hill work. A third one says that they wouldn't pay a dollar to hear Hill when there were better shows in We wrote to a man who is posted about Hill's movements, and he gives as the reason that Hill heard that all the Democrats in the country around here read the Nebraska ads and dressed in ready-made clothes, and he wouldn't swallow his pride long enough to wear a readymade suit even for one day. Hill is right and wrong-on both sides of the question, as usual. Lots of Democrats, lots of Republicans, a good majority of the Populists and Prohibitionists of the male persuasion do wear ready-made clothes, but they do it from choice. They save money by it and still wear good clothes. Hill has only been in a few small towns, New York, Minneapolis, St. Paul and such places, and he hasn't seen what good clothes can be sold in a real live town with a half million population-(to get)-by a real live store. The true reason that Hill didn't come here was because he wanted to buy a suit of us, and he heard that we were selling Children's Suits, and being an old bachelor he couldn't make any use of one. He didn't know us as you do, or he'd have known that we don't mark up one thing when we mark another one low-that he could still have bought his suit for himself ust the same. However, we will keep right on selling those charming little all wool fancy reefer suits at \$2, \$2.25, \$2.50, \$3 and \$3.75, and save each customer from one to two dollars, just the same as if Hill had bought his suit of us. A man's politics don't make any difference
